

Start with the current call

Checked 8 October 2026. India's 2026-27 application window is closed. The program runs 1 November 2026 to 31 May 2027. No 2027-28 India call was found in the official sources checked. Use the next call for future applications.

This is an independent Spanish Vidya preparation guide. It is not an official application, placement service or legal opinion. Official India Office, Ministry, regional and consular instructions control your case.

Eligibility before preparation

Requirement	2026-27 India rule for new applicants
Citizenship and age	Indian citizenship. Must have turned 18 before 1 January 2026 and be under 45 on 1 January 2027.
University study	India eligibility bullets say graduate or final year of a bachelor's degree or higher. The transcript step says at least second year. Applicants below final year must ask the India Office to resolve this conflict.
English and Spanish	C1 English from the India Office's accepted list. At least A2 Spanish through DELE or SIELE GLOBAL. A course completion certificate is not a substitute.
Health and record	Meet the official health requirement and have no criminal record. The signed program declaration is separate from the visa medical certificate and PCC.

Returning participants have separate preselection rules. India limits participation to two program years; a favorable school report is required for a second year. The India page exempts qualifying returning participants from submitting language certificates again.

Preselection and Profex are different steps

Use only the preselection process linked or sent by the India Education Office. Follow its invitation for any interview. Do not use old January 2025 forms, interview dates or a claimed 250-seat quota. The current sources do not establish those details for this cycle.
