

Write a truthful motivation letter

Checked 8 October 2026. India's 2026-27 application window is closed. The program runs 1 November 2026 to 31 May 2027. No 2027-28 India call was found in the official sources checked. Use the next call for future applications.

This is an independent Spanish Vidya preparation guide. It is not an official application, placement service or legal opinion. Official India Office, Ministry, regional and consular instructions control your case.

The required format

- Write in English, 250-300 words, addressed to the Spanish Ministry of Education.
- Add the date and your signature. Export a readable PDF. Use the academic year in the actual call.
- Replace every bracketed field. Recount words after editing. The example is a starting point, not a letter ready to submit.

A practical structure

Part	What it should do
Opening	Name your studies and the program. Give a specific reason for applying.
Evidence	Describe one real action that shows communication, patience or teamwork.
Classroom contribution	Explain how you would support the teacher and share cultural knowledge.
Learning and commitment	State your Spanish-learning plan and responsibilities you can meet.

Keep it honest

Do not claim tutoring, volunteering, language scores or a degree you do not have. Study projects or ordinary responsibilities can provide useful evidence. Describe what you actually did. No template guarantees an interview, placement or visa.
